

Recruitment

for Nord Anglia Education schools in Vietnam

Welcome

Thank you for your interest in the four Nord Anglia Education schools in Vietnam. You have been directed to our recruitment portal which is operated through UPTIC. All applications to the schools in Ho Chi Minh City and Hanoi come through the portal and are viewed directly by the schools' recruitment team in Vietnam.

Nord Anglia Education Schools in Vietnam are proud to offer a British-style education to the international community as well as the local community in Ho Chi Minh City and Hanoi. The British education system and its qualifications are recognised, valued and respected around the world and is a thorough preparation for students to progress to colleges and universities of their choice in any country.

Outstanding Facilities and Teachers

All of our schools are first class facilities resourced to the highest level and staffed with dedicated, skilled and committed teachers, ensuring the education on offer is amongst the very best available anywhere in the world.

Highly Successful Students

Underpinning all that we do in our schools is the belief that all children can be successful at school and that they should be encouraged to make the most of their talents.

Academic success is valued highly, but it is also our belief that the all-round development of each child is just as important.

Our 4 schools

British International School in Ho Chi Minh City was established in 1997. From very modest beginnings in a converted villa the school has grown to become part of the largest international school group in Vietnam and is one of the leading international school groups in the South East Asia region. The group of schools comprises two types of school each with its own unique philosophy.

British International School (BIS)

This school is divided into three campuses in Ho Chi Minh City each with its own Head teacher. They are:

- Tu Xuong Primary Campus in District 3
- An Phu Primary Campus in District 2
- An Phu Secondary Campus in District 2

The school offers a British style education to the international community of Ho Chi Minh City. Academic success is valued highly, but it is also belief that the all-round development of each child is just as important. The school is proud to offer an extensive extra-curricular programme, and provide an array of opportunities for each child to succeed. These achievements are recognised, praised and celebrated. We offer all staff and students first class facilities resourced to the highest level. The staff are dedicated, skilled and very committed teachers who ensure the education on offer is amongst the very best available anywhere in the world. Their teaching teams are strong and innovative, constantly re-visiting ways of bringing the curriculum to life.

The school offers the Early Years Foundation Stage Programme for England, National Curriculum for England for Key Stage 1-3, IGCSE for Key Stage 4 students and the IB Diploma Programme for the Sixth Form. All Primary classes are paired so that each class has both a Western Teacher and a Vietnamese Teacher, however the vast majority of the teaching is in English in Secondary classes.

Teachers who work at BIS HCMC will experience a highly professional teaching and learning environment that is similar to the UK but also quite different.

Building on the success of the British International School in Ho Chi Minh City, we have now opened a new international school in Hanoi. BIS Hanoi - in the Long Bien district.

BIS Hanoi reproduces the same high quality international education standard as the well-established BIS in HCMC, providing an outstanding British-style education in first class facilities resourced to the highest level. The National Curriculum for England, IGCSE and A Levels are taught to English speaking students from pre-school to Year 13. The school has been offering the IB Diploma Programme from August 2016

British Vietnamese International Schools (BVIS)

In addition to the two traditional international schools there is a new educational model, which is reproducing the same high quality international education standard as the well-established BIS HCMC and Hanoi, but fully integrated within the curriculum is the deliberate nurturing and safeguarding of Vietnamese language, culture and heritage.

This new type of school is called the British Vietnamese International School, BVIS.

These are the first schools in Vietnam to offer the “Best of Both Worlds” as dual language schools. There is one school in both cities:

- BVIS, Ho Chi Minh City- in the Binh Chanh District of Ho Chi Minh City
- BVIS Hanoi - in the Thanh Xuan district of Hanoi

As Vietnam continues to evolve and change, the best placed professional and business leaders will be those who were educated to an international standard in English, but who still have a good understanding of Vietnamese culture and language.

With this in mind, these schools based in Ho Chi Minh City and Hanoi have developed a unique world class education model which ensure true bilingual proficiency upon graduation, as well as preparation for leading universities around the world.
